

**CAUTION.—IMPERVIOUS STONE.—**

**M. FRANCIS TITCHENR,** Sole Patentee, cautions the public against entering into any terms of negotiation with any one but himself if they propose to use his patent for hydraulic cement in their various modes rendering it impervious; and that if any person is discovered infringing his patent they will be prosecuted with the utmost rigour of the law.—*M. Red Cross-square, Cripplegate, London, August 14/49.*

**MARKET WHARF, REGENT'S-PARK**

**BASIN.**—Messrs. MARTIN and WOOD (late Soles and Martin) submit the attention of Builders, Masons, and others, to their stock of Portland, York, and Derby Stone; also Bampton, Slates, Lanes, Cornish, Humber, North, Flints, Limestone, Fire-bricks, &c., and all the latest and most perfect for each. Portland Head-stones, Ledges, &c., Limestone, &c., cut to order on the shortest notice. Tonnage let on hire. A stock of Northern's Dredge Iron, &c., always on hand. Mortar, Lime and Hair, Fine stuff, &c.

**KENTISH RAG STONE of every descrip-**

tion, direct from the Quarries, at reduced prices. **WHITE** **SUPPER** **AND RED FACING BRICKS** of superior quality. **W. LEE AND KENT BRICKS** from the New Champs, now open. Apply to **M. BENJAMIN GOSNELL**, 27, Newgate-crescent, Newgate-batte.

**BATH STONE.—RANDELL and**

**MAUNDER, QUARRYMEN and STONE MERCHANTS.** The most approved kinds of Bath Freestone supplied to all parts of the Kingdom. Imports at the Great Western Railway Station, **PADSTON, CORNHILL, BOX, BATH,** and **Kell-Traill, &c.** and a particularly large stock of Architects and Builders to their Cornish Down Stone, which is strong and hard to quality, is of beautiful colour and texture, and works much cheaper than any other stone. Prices, with cost of carriage to any locality specified, furnished on application to **Randell and Maunder, 14, Orange Grove, Bath.**

**ANSTON STONE, used for Building the**

**New House of Parliament.**—**W. WRIGHT and Co.** have to inform Architects, Engineers, Builders, and others, that the Anston Stone can be supplied in any quantity on the shortest notice. This valuable stone, so celebrated for its durability, colour, and texture, is well known, having been selected in preference to all others, by the Commissioners of Woods and Forests, for building the New House of Parliament. It is very superior for Monuments, Tombs, &c. &c.

**W. Wright and Co.** have made arrangements to have a stock always on hand at **Brims' Marble and Stone Wharf, Hordell-basin, Maiden-lane, King's-cross.** Any further information can be obtained on application to **W. WRIGHT and Co., Anston, near Bradford;** or to **T. SILKIN,** their Sole Agent in London, 27, Burton-crescent.

**NOTICE to PURCHASERS of CAEN**

**STONE.** Translation of a CERTIFICATE from the Mayor of Allennagne, Department of Calvados, Normandy, relative to the property of the Caen stone quarries.

"I, the Mayor of Allennagne, Department of Calvados, undersigned, do hereby certify to all who are interested in it, that it is an error and gross mistake, as certain persons have reported, that the quarries of Allennagne belong to, and are leased from, the Government of France, and the local authorities of the Department of Calvados. Neither the one or the other have any right or interest whatever in the said land of quarries.

"I hereby further certify, that the greater part of these quarries are worked by Messrs. Luard and Company, who are the principal proprietors, and Messrs. Joubert, who is also a proprietor, the remainder are worked by smaller quarries of the neighbourhood, who will their produce to certain dealers for exportation to England as it is required.

— Executed at Allennagne, the 26th May, 1849.

Translation attested by **F. Harcourt Esq. C.E. M. Symonds Inn, Chancery-lane.**  
 "I, the French manuscript may be seen by permission in writing at the office of Messrs **LCARD, BEECHAN and Co.** Copies impud of this open application.

**CAEN and AUBIGNY STONE.—**

**LCARD, BEECHAN, and Co.** beg respectfully to recommend purchasers of Caen stone to require a guarantee of those who profess to be "quarry proprietors" and importers, that they are selling only such Caen stone as is suitable for **CAEN** **WORKS**, this being the only way by which architects and builders can be safe from the recurrence of certain failure, by its ill-contrived use. It is now generally known that the bottom beds in the Caen quarries, as well as in the Portland, are only fit for small purposes.

**L. Card and Co.** continue their efforts to maintain the character of their Caen stone, by careful selection, and can afford to behold without alarm the absurd, false, and futile assertions of weak-minded competitors.

**L. Card and Co.** have a large unmined stock of Caen and Aubigny stone at their central depot at Caen Wharf, Northcliffe, Vauxhall bridge, Millbank, Battle-bridge, Paddington, and Kensington Roads.

Shippers direct from the quarries in any port in the United Kingdom.—Offices, 16, South-east-square, Borough, and 179, Northcliffe-street.

**CAEN STONE, from the first Quarries of**

Allennagne, imports at the Water and Hatch Wharf, 14, Fore-street, Lambeth.—**P. FIDICARD, quai des Abattoirs, Caen,** proprietors de Carrières à Allennagne, beg leave to inform Builders, Architects, and others, that he has, on the above-mentioned wharf, best stone ready to meet the demands of purchasers.—Contracts taken for any quantities.—Orders received by **Mr. BASCHET, at 20, Honey-street, Borough Market.**—Carries shipped to order, from Caen, to any port.

**CAEN STONE DEPOT.—"ORIGINAL**

**SUPPERANCE" NORWAY WHARF, GREENWICH.**—**W. TUCKWELL,** Caen Stone Quarry Proprietor at Allennagne, near Caen, respectfully solicits the attention of architects, builders, clerks of works, masons, and others, to his selected stock of Caen stone, on his wharf at Greenwich, and from his long practical experience in the various qualities of Caen stone, he confidently states that this Caen stone cannot be surpassed.

**W. TUCKWELL** has always at his disposal, on the wharf at Caen, a large quantity ready for shipment when required. Orders received at the wharf, as above, also at the office of **Mr. R. A. WITTHALL, Architect, 20, 1, Hampden, where samples and prices, with further information, may be obtained.**  
 "R. A. W. samples may also be seen at the office of "The Builder."

**NORWAY WHARF, GREENWICH.—**

**"ORIGINAL CAEN STONE SUPPERANCE WHARF.**—**W. TUCKWELL,** Caen Stone Quarry Proprietor at Allennagne, near Caen, respectfully solicits the attention of architects, builders, clerks of works, masons, and others, to his selected stock of Caen stone, on his wharf at Greenwich, and from his long practical experience in the various qualities of Caen stone, he confidently states that he cannot be surpassed. **W. TUCKWELL** has always at his disposal, on the wharf at Caen, a large quantity ready for shipment when required. Orders received at the wharf, as above, also at the office of **Mr. R. A. WITTHALL, Architect, 20, 1, Hampden, where samples and prices, with further information, may be obtained.**

**Notes.**—The statements put forth by other proprietors of Caen stone, in the name of **W. T.** with all respect, to observe that he cannot think of resting his claims as the owner of a superior quality of stone, on the certificates of magistrates or other public officers of Normandy, who however distinguished by character and station, can be no evidence on such matters. As the proprietor of Caen stone of the first quality, he trusts to the sound judgment and experience of those British architects, builders, &c., who may favour him with their preference for every guarantee and subsequent recommendation.

**CAEN STONE.**

27, Millbank-street, 19th July, 1849.

**MESSRS. W. and J. FREEMAN** consider it to be a duty they owe to their respected connections and themselves, to request a perusal of the following documents.

Translated from the French Language by **Mr. A. DE PINNA, of Bartholomew-lane, Royal Exchange, London, Notary Public and Conveyancer, Foreign and English; Official Translator to Her Majesty's High Court of Admiralty of England, &c. &c. &c.**

"We, the Maire of the Commune of Allennagne, Canton of Caen, Department of the Calvados,—

"Did, on the 26th May last, deliver to Messrs. **LEARD, BEECHAN, and Co.** a certificate attesting that the idea had never been entertained on the part of the French Government, to commit any infringement on the right of ownership in the quarries opened in my said Commune.

"It would appear that, from the said certificate, inserted from time to time in the London Journal, "The Builder," erroneous inferences have been drawn, tending to establish the belief that **M. JOBERT, Senior,** is only a secondary proprietor of quarries, while Messrs. **LEARD, BEECHAN, and Co.** are the principal proprietors of the quarries of Allennagne, and the only parties capable of executing the large orders for Caen Stone.

"It behoves me, therefore, to rectify whatever there is contrary to truth in such like assertions; wherefore, I declare unto all whom it may concern, that **M. JOBERT, Senior,** was the originator of the business of quarrying Allennagne Stone, the quarries whereof he has worked, without any interruption, ever since the year 1830.

"That he is the principal owner of the Allennagne Quarries, and that he is in a situation to meet the largest demands for supplies that can be addressed to him.

"I do further certify, that it comes within my knowledge that the forest stones raised by **M. JOBERT, Senior,** are consigned, in England, to his correspondents, Messrs. **W. and J. FREEMAN, of London.**

"Done and delivered at Allennagne, to serve as of right, the 2nd July, 1849."

*J. Buisson*  
Maire

Seen for legalization of the signature of **M. Buisson, Maire of Allennagne, Caen,** the 3rd July, 1849, by delegation, the Councillor of Prefecture, Secretary-General,

*Ammy*

Board of Bridges, Highways, &c.—Department of the Calvados.—Service of the Maritime Ports.

Caen, 4th July, 1849.

The Engineer-in-Chief of the Department of the Calvados certifies that **M. JOBERT, Senior,** is the owner of numerous quarries, in work, in the Commune of Allennagne, near Caen, and that he is in a position to furnish Caen Stone, of the best quality, for exportation or for works within the country.

He further certifies, that **M. JOBERT** occupies an extensive yard on the bank of Orne, in the port of Caen, in front of which he has been authorized to place three powerful cranes, by means whereof he can have three vessels loading at one time, and ship blocks of stone of the most considerable volume and dimensions.

Seen and legalized. Caen, the 7th July, 1849.  
 The Councillor of Prefecture, Secretary-General.

*Ammy*

Department of the Calvados.—Town of Caen.

Public Works.

"I, the undersigned, Architect of the Public Works of the 'Maison Centrale de Detention' of Beaulieu, and of those of the Town of Caen, do certify—

"That **M. JOBERT, Senior,** is the owner of seven quarries at Allennagne, near Caen, which are being worked in full activity, and which are opened in the region producing the best quality of stone.

"That **M. JOBERT** is established and provided with all necessities, so such a footing as to be enabled to meet the most important orders for supplies that can be required of him.

"That, in the different works he has executed under my orders, he has always shown the greatest activity, and has conducted them with ability, and that the stones he has furnished have always been of the first quality. It is, therefore, a duty as well as a pleasure on my part, to certify that I consider him capable of perfectly executing every species of building, as also any supplies of materials.

"Caen, the 6th July, 1849."

Seen by us, Maire of Caen, for legalization of the signature of **Mr. G. P. Architect, set opposite.**  
 Caen, the 7th July, 1849.
